**Can you investigate Fair Trade products?
Where are they grown and which plants are they from?**

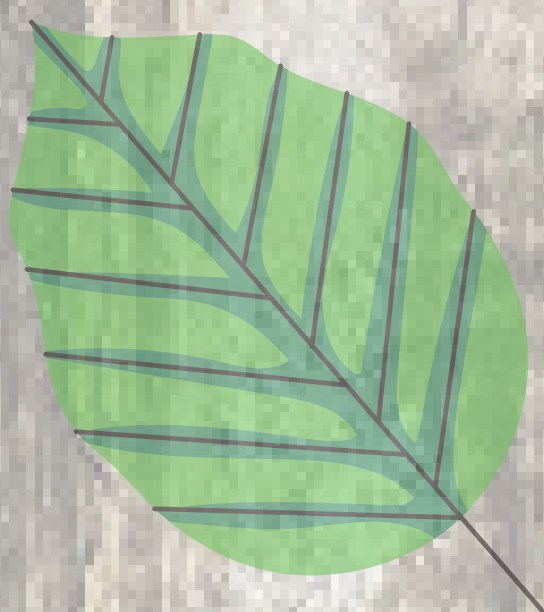

Enjoy a snack

Look - at the colours and shape
Listen - does food make a sound?
Touch - smooth, bumpy or rough?
Smell - can you smell your food?
Taste - put the food on your tongue but don't chew it just yet. Notice how it feels in your mouth. Do you taste anything yet? Start to chew, does the flavour change? How many different flavours are there?
